1.The Executive Engineer, Drainage Division
(Irrigation) Bhimavaram, West Godavari
District and others.

...Respondents

THE HON'BLE SRI JUSTICE C.V.RAMULU

W.P.No.18409 of 2006

ORDER:

It is the case of the petitioner that he and some other villagers of Mandavaripet, Rutumbada, Saripalli, Likihitapudi and Kopparru villages own wet lands on either side of Nathalava drain. The said drain is running from west and east and it is a notified canal running from Kopparru village to Chinamamidipalli village. Thousand acres of lands are being cultivated on either side of the drain. The said drain was completely blocked with silt and waste materials, and the drain water, which is supposed to flow, is not flowing freely. As a result of which, the drain water from their fields is also not flowing into the drain canal as the same is situated in the upper lands. Therefore, the matter was brought to the notice of the respondents that due to their inaction the lands are being sub merged and crops are getting damaged. Further, he also made a written representation dated 22.03.2006 seeking immediate action in this regard, but no action has yet been taken by the respondents.

In view of the above, without expressing any opinion on merits,

the respondents are directed to consider and dispose of the representation purported to have been filed by the petitioner dated 22.3.2006 after putting him on notice and hearing him personally within a period of four weeks from the date of receipt of a copy of this order and communicate the same to him.
